### LIMA WINNER IN FIRST ROUND

Baxter Hit Hard in Early Frames.

PENNYBAKER AN ENIGMA

Southpaw Finds Locals Rather Docile.

No Chance to Overhaul the Lima Crew After Baxter Was Hit So Hard in the First and Third Frames—Al Newnam Makes Some Stellar Catches.

The Knights of the Bean were too much for the local prides in the first engagement of the series yesterday at Webb park and when the early innings were over and the visiting crew got through with Billy Baxter Lima had just five. Diggers got a runner around in the first frame, saving themselves from a shutout.

Pitted against Baxter was Pennybaker, the outside heater who has been treated rather severely at times by Diggers this year. It must be said in passing that Pennybaker had more today than in any of the previous encounters. He has been worked hard lately but his effectiveness was hardly decreased a whit and while his mates made it easy sailing for him he found no stumbling blocks in keeping the Marion blows scattered after the first and even in the first he was not hurt much.

Baxter's work in this game and in Monday morning's play was disappointing. He came here with so much promise and with a good record from the Ohio-Pennsylvania league that fans expected much from him. Thus far he has failed to deliver but it may be that he will go better in the future. It seems certain that Baxter is trying and that is all that can be asked. He is coolness personified on the mound and that coolness is oftentimes taken by fans for indifference.

It would be foolish to accuse him of that for it is he who has everything to gain by giving Marion his best as therein lies his chance of advancement in his chosen line of endeavor.

But, let's to the game. Doherty found Baxter rather wild and got three wide ones. The next one was a good strike seemingly but Umpire Phelan thought otherwise and sent Doherty on a tramp. McClintock

Doherty poled a long one to Meehan and Doherty was able to reach third on the putout. Nesser raised a little back of short that Wolfe failed to reach and Doherty came home. Lloyd laced a shot into left along the line for three bricks, sending Nesser across and the Candy one counted on Texter's hard drive to right. Texter was taken stealing. Relly to Wolfe.

After Colligan fanned Epier got a walk and Hummel's out. McClintock to Nesser, sent him to second. The peppery Mac made a pretty play on this drive and caught Hummel by a narrow margin. Relly delivered a stinging grounder to center, scoring Epier and was caught at the plate himself trying to register on Meehan's hit to short center, Doherty making the throw.

In the second, third and fourth Diggers got safeties but successive smashes were not to be with Pennybaker at his best. Again in the seventh, eighth and ninth Diggers had runners on but were unable to make connection in time of need and the cause was hopeless.

Lima clinched things in the third when Baxter again opened by passing Doherty. McClintock came in with his sacrifice. Doherty got to off second and Relly heaved to catch him whereupon the elusive guest slipped to third. No play was made to catch him as Relly's throw was bad. But even at that it is very doubtful if a good throw would have overtaken the speed boy. Houtz placed a triple in deep right center, scoring Doherty and then came in when Nesser hit a long fly to Epier. Lima had them on in every frame thereafter but only two reached second and none got past that point.

The feature of the contest was the work of Captain Newnam in grabbing two Texas leaguers far back of short while running with his back to the grandstand.

The score:

Marion	ABRHPOAE
Colligan rf	4 0 1 2 0 0
Epier lf	2 1 1 1 0 0

### BEAT A WOMAN AT LEXINGTON

By United Press Wire.  
Cincinnati, O., July 7.—John Williams, twenty-two, negro, of Lexington, Kentucky, was arrested early Thursday after he had attacked and beaten Mrs. Katherine Perry, white, in her own home, 714 Barr street. A race riot was threatened before the negro was locked up on a charge of house-breaking. The negro entered the Perry home through an open window.

He was caught by Night Watchman Doyle and drew a knife before Doyle threatened him with a revolver.

When Doyle led the negro through the streets a crowd of negroes collected and demanded the release of Williams, brandishing clubs and knives. White men came to his aid and cries of "lynch him" were being shouted before the police arrived and broke up the mob.

Base on balls—off Baxter 3, off Pennybaker 3.  
Umpire—Phelan. Time 1:32. Attendance—300.

Notes of the Game.  
Lima was mighty lucky to bunch those smashes in the first and third frames. There might have been a different ending had anyone been able to reach Nesser's Texas leaguer in the first frame.

Phelan's work has been miserable in guessing balls and strikes in this series. Fans charge the Ump with trying to even up whenever a howl has been raised over a decision. Portmouth has cried loudly for Phelan. And why, we would ask?

Epier gave Lefty Houtz a lot of trouble when he poled a long fly toward the score board. Houtz went back after it and when it seemed he had it, the visitor tripped and fell and the ball narrowly missed hitting him in the head. Epier got three sacks.

Doherty made a great grab of Baxter's fly in the fourth with Bill Johnston on the sacks and traveling.

Al Newnam pulled off the big plays of the day, catching two difficult flies straight back of his position and running with his back to the stands.

Wolfe accepted seven of his eight chances and some were difficult stops with fast men going down.

One thing is noticeable, Wolfe is touching runners at second with far more accuracy than in past years. This was always proclaimed to be the player's one weak point.

After looking at a lot of slow ball pitchers for several days Diggers did not like the speed that Pennybaker served.

Lima is here today, tomorrow and Saturday. Lancaster comes Sunday for four days. There will be no double headers in either series unless rain should prevent the playing of one of the games.

Since Mullin is not to report Lewis is looking for another pitcher to help out in case Ed Zimlich is taken by the big show. He has several in view and one will be grabbed within the week.

Diggers outfit Lima but the hits of the pastimers from the west, were more nicely grouped.

### JEFFRIES

### SOURD

By Defeat Retires to His Ranch Never to Emerge Again.

By United Press Wire.  
San Francisco, July 7.—Within twenty-four hours James J. Jeffries will have disappeared into the obscurity of his alfalfa ranch near Los Angeles, never to emerge again as "The hope of the White race" or for any other pugilistic reason.

His return to the ranch will signal the ringing down of the final curtain on the career of one of the greatest fighters in the history of the prize ring. Jeffries will leave Oakland tonight and will go direct to his ranch without a stop. Within a week he expects to be leading his old life of hunting and fishing from which he was "called" more than a year ago when Jack Johnson put the quietus on Tommy Burns at Rush Cutters Bay, Australia.

Jeffries remained in seclusion all day today, refusing to see a single visitor, including some of his most intimate friends.

He is silent and sullen and it is said goes into a wild rage whenever the Reno fight is mentioned in his presence.

### ST. IGNATIUS SEISMOGRAPH

At Cleveland Showed the Earth Was Getting a Severe Quake Somewhere Last Night.

By United Press Wire.  
Cleveland, O., July 7.—Some portion of the earth's crust about 1,500 or 2,000 miles from Cleveland was given a severe shaking up during the night, according to Father Odenbach's seismograph at St. Ignatius college here, when today's record was taken. Father Odenbach is inclined to think that Iceland or the northern Atlantic bore the brunt of the quake. The seismograph record shows a more severe quake than has been re-

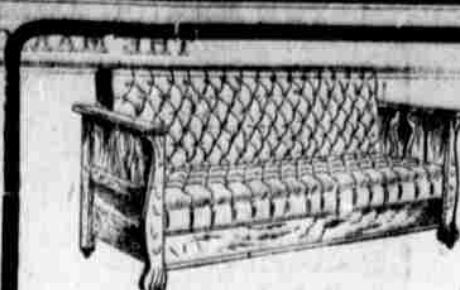

corded in the last two years, the vertical variation of the shock being six millimeters. The quake began at 10:55:18 Cleveland time and reached its maximum at 10:55, was over at 11:21.

Father Odenbach says the record is very similar to that of the quake that shook Iceland about a year ago.

Washington, July 7.—The most severe earthquake recorded here since the great shock in the West Indies in 1907, was shown today on the seismograph at Georgetown university. Father Torndorf estimated that the quake was fifteen hundred miles away. The quakes continued for about fifteen minutes, the maximum shocks being from 12:01 to 12:03 a. m. Father Torndorf said that the quake might possibly have centered at some point in the Atlantic ocean but that it had every evidence of having been extraordinarily severe.

An official bulletin issued by the weather bureau here today, states that an earthquake of greater intensity than usual, was recorded on the government seismograph about midnight. The location of the disturbance is placed at 1,500 miles from Washington.

### WILL BRING SUIT TO TEST RIGHTS

By United Press Wire.  
New York, July 7.—The right of communities or states to bar the exhibition of the moving pictures of the Jeffries-Johnson fight at Reno will be tested in the courts.

S. Lubin, the Philadelphia millionaire moving picture man who heads the syndicate, said today: "We have spent too much money not to make a fight to exhibit our pictures, and we are confident that the effort to prevent us showing them will not succeed, when the courts interpret the laws bearing on the case. We spent upward of \$200,000 to get perfect pictures of that fight. We had special lenses made and twelve machines at the ringside. After all that expense and trouble we do not mean to yield to our opponents without a struggle."

George—There. Aunt Mary, what do you think of that? I drew the horse and Ethel drew the jockey.

Aunt Mary—H'm! But what would mamma say to your drawing jockeys on a Sunday?

George—Ah, but look here! We've drawn him riding to church, you know!—George Du Maurier in Punch, 1872.

### COLONEL ROOSEVELT BUSY TODAY

By United Press Wire.  
Oyster Bay, N. Y., July 7.—Explaining his conquest of the game of Africa to John Burroughs and talking civil service with William Dudley Foulke, former civil service commissioner, occupied most of Colonel Roosevelt's time during the early hours today. Burroughs came over last evening to spend the night with his fellow naturalist and the two examined the specimens of African bird life secured by the colonel and his party on the big hunt. It was to Foulke that Colonel Roosevelt addressed numerous

Captain Wald of Harvard and Coach Kennedy of Yale. Yale and Harvard recently met on the Thames, near New London, Conn. for their annual battle of the water. Thousands of spectators lined the banks and the contest was fought under perfect weather conditions. Captain Wald's

Varsity eight was in the pink of condition, while Coach Kennedy said that he had never seen a better conditioned eight to represent Yale than the present crew.
